Advice Letter 19-E

Re: Request for Approval to Shift Funds in Anticipation of 2016 Spending

In compliance with the California Public Utilities Commission’s (“Commission”) Decision (“D.”) 09-09-047, Ordering Paragraph (“OP”) 43, filed September 24, 2009 and the Energy Efficiency Policy Manual,¹ Marin Clean Energy (“MCE”) submits this filing to request a fund shift between MCE’s programs to accommodate anticipated spending for the remainder of 2016.

Effective Date: November 24, 2016

Tier Designation: Tier 2

Pursuant to General Order 96-B, Energy Industry Rule 5.2 this advice letter is submitted with a Tier 2 designation.

Purpose

The purpose of this advice letter filing is to seek approval for a fund shift between MCE’s programs to accommodate anticipated spending for the remainder of 2016.

Background

MCE administers a Financing Program that involves On-Bill Repayment (“OBR”) options and marketing and outreach support to connect MCE customers with financing options to complete energy efficiency improvements to their home or business. MCE’s financing program requires additional funding for 2016 primarily due to workload associated with marketing and outreach for Property Assessed Clean Energy (“PACE”) programs.

Fund Shifting for MCE’s 2016 Budget

MCE requests authority to shift funds from its Single Family Program to its Financing Program to support the Financing Program’s forecasted expenditures through the end of 2016. The proposed fund shift is included in Table 2 below.

MCE proposes to shift funds out of the Single Family Program to support its Financing Program. MCE AL 15-E advised the Commission of MCE’s suspension of its single family Home Utility Reports (“HURs”). The suspension is still in effect, and will continue into 2017. As a result of the suspension, MCE’s Single Family Program is expected to have available funds at the end of 2016. As such, MCE proposes to shift $5,000 out of the Single Family Program to support expenses accrued by its Financing Program. The funds that remain in the Single Family Program budget will continue to support the remaining activities including a Seasonal Savings pilot that, if approved, will begin in 2016 and continue through 2017.3

Although MCE has scaled back its Financing Program with the closure of the Single Family OBR option,4 MCE continues to incur costs associated with administration and implementation of its Financing Program. Funds are needed to continue to support and drive enrollment in the Multi-Family and Small Commercial offerings. MCE also provides support to connect MCE customers with PACE programs. MCE proposes to shift funds into its Financing Program budget to accommodate these costs.
