

MCE'S APPROVED

Electric Vehicle Supply Equipment (EVSE) Vendors

Below is a list of approved vendors* for MCEv's electric vehicle charging rebate programs and their responses to a survey about their ideal project scope. Based off of the survey responses, the **average cost of a 2-port networked Level 2 charger ranges from approximately \$3,600 to \$5,500.**

Please note that this list does not represent an endorsement by MCE of any specific company or product. MCE makes no representations regarding manufacturers, dealers, contractors, materials, or workmanship of the EVSE Package selected and installed by the customer.

Vendor	Contact Information	Program Served: MCEv, PG&E EV Charge Network, or Both	Min. Number of Ports/ Site	SERVES				Retrofit/ Upgrade Existing EVSE	Choose Your Own Electrician
				Small Multi-Family	Large Multi-Family	Commercial Workplace	Public Sector
