- City of Suisun – considering MCE, eligible for MCE 2022 enrollment
- City of Rio Vista – no interest expressed in joining MCE at this time, eligible for MCE 2022 enrollment

¹ Metric Ton reductions are calculated based on estimated retail electricity sales by community from 2010-2018 as compared to PG&E electric generation services. These figures should be considered only as illustrative estimates.

² These dates correspond to the date when municipal accounts in the jurisdiction were opted up. N/A indicates communities where either a customer’s electric account status cannot be publicly disclosed, or the municipal accounts have not been opted into Deep Green.
