MCE RFP for MCE Workforce Education and Training Program – Issued December 2020

MCE, a California Joint Powers Authority (JPA), is seeking proposals from interested vendors who have experience with ratepayer-funded energy efficiency and/or workforce education and training programs in the residential sector, specifically related to designing and implementing workforce development curriculum or related programs.

I. ABOUT MCE

With offices in San Rafael and Concord, MCE is a Community Choice Aggregation public agency that focuses on reducing energy-related greenhouse gas emissions by providing electricity customers with 50-100% renewable energy and groundbreaking energy efficiency, demand response, and energy storage programs. MCE determines the source and cost of the energy and PG&E continues to manage the transmission and distribution of the energy. MCE is a public, not-for-profit JPA. Members of the agency include: The County of Marin and its towns and cities; the County of Napa and its towns and cities; the County of Contra Costa and its cities of Concord, Danville, El Cerrito, Lafayette, Martinez, Moraga, Oakley, Pinole, Pittsburg, Richmond, San Pablo, San Ramon and Walnut Creek; and the County of Solano and the cities of Benicia and Vallejo.

II. PROJECT BACKGROUND

In May 2018, the California Public Utilities Commission (“CPUC”) approved MCE’s Energy Efficiency Business Plan (“Business Plan”). As part of the Business Plan, MCE proposed a Workforce Education and Training program (“WE&T Program” or “Program”) to reduce barriers to participation in such programs, provide access to training and career pathways for underrepresented populations, and ensure a trained workforce to support the implementation of the rest of MCE’s energy efficiency programs.

MCE has invested more than $770,000 in workforce development initiatives since it launched these programs in 2012, including 4,400 job hours, the installation of 171 new residential solar systems, the installation of energy and water saving measures in 1,800 multifamily units, and over 328 youth and adult training hours.

The Program began in 2019 with the core goals of identifying gaps in the market to influence future program design, finding creative solutions to identified barriers to participation for underrepresented populations in WE&T programs, and providing a skilled labor force to help facilitate market transformation.

III. PURPOSE OF THIS RFP

MCE is creating a list of qualified training organizations to train and support job seekers to enter the workforce development pipeline throughout MCE’s service area. Vendors submitting successful proposals will be added to MCE’s partner list for the WE&T programs. Subject to the

Either Party may give the other Party written notice of any dispute which has not been resolved at a working level. Any dispute that cannot be resolved between Contractor’s contract representative and MCE’s contract representative by good faith negotiation efforts shall be referred to Legal Counsel of MCE and an officer of Contractor for resolution. Within 20 calendar days after delivery of such notice, such persons shall meet at a mutually acceptable time and place, and thereafter as often as they reasonably deem necessary to exchange information and to attempt to resolve the dispute.
