MCE, a California Joint Powers Authority, is soliciting proposals from qualified organizations to provide consultant services to support MCE’s efforts in the Evaluation, Measurement, and Verification (EM&V) of energy efficiency programs administered through its portfolio. Specifically, MCE is seeking a market assessment study and report for residential energy efficiency (EE) offerings in MCE’s service area (Market Assessment and Report).

I. ABOUT MCE

With offices in San Rafael and Concord, MCE is a Community Choice Aggregation public agency that focuses on reducing energy-related greenhouse gas emissions by providing electricity customers with 50-100% renewable energy and groundbreaking energy efficiency, demand response, and energy storage programs. MCE determines the source and cost of the energy and PG&E continues to manage the transmission and distribution of the energy. MCE is a public, not-for-profit joint powers authority. Members of the agency include the County of Marin and its towns and cities, the County of Napa and its towns and cities, the County of Contra Costa and its cities of Concord, Danville, El Cerrito, Lafayette, Martinez, Moraga, Oakley, Pinole, Pittsburg, Richmond, San Pablo, San Ramon and Walnut Creek, unincorporated Solano County and the city of Benicia.

II. BACKGROUND

MCE’s service area is heavily comprised of residential customers, which are historically among the least cost-effective and most difficult to serve with energy efficiency programs. The Market Assessment and Report is intended to help MCE understanding opportunities and strategies to overcoming barriers to serving residential customers with energy efficiency.

MCE’s current residential portfolio is designed to help serve customers that often miss out on energy efficiency opportunities, including renters, low- to moderate-income households, households located in disadvantaged communities, and non-English speaking households.

MCE’s energy efficiency portfolio for 2021 includes three residential programs with a funding level of $2.7M.

- Multifamily Comprehensive
- Single Family Direct Install
- Single Family Comprehensive

Multifamily Comprehensive
The Program’s primary objectives are to reduce participation barriers by guiding property owners through the process of creating long-term project plans and coordinating upgrade timing with key trigger points, such as at unit turnover. MCE offers a single point of contact (SPOC) model to guide property owners through the process of participating in the program and offers technical assistance to help them understand the energy and resource conservation
options that are a good fit for their property. The program offers rebates and free direct install in-unit measures to address barriers related to equipment cost and split incentives.

MCE’s Multifamily Program operates alongside the Low-Income Families and Tenants (LIFT) Pilot Program (authorized in D. 16-11-022), with the objective to layer incentives and maximize benefits to better serve income-qualified multifamily properties that are not currently benefiting from other low-income energy efficiency programs. The LIFT Pilot Program provides comprehensive services and supports fuel switching from gas to electric heat pumps for cleaner and safer energy use.

Single Family Direct Install
The Single-Family Direct Install program provides no-cost energy efficiency measures to eligible homeowners and renters in single-family dwellings in MCE’s service area. The Program targets customers in Disadvantaged Communities (DACs) whose household income exceeds the limit to receive services through programs like the Energy Savings Assistance Program (ESA) and Low-Income Families and Tenants (LIFT) Program yet are still income constrained (lower-middle income). The goal is to introduce this market sector to the concepts of energy efficiency, provide upgrades that reduce household energy consumption and encourage a pathway toward deeper energy retrofits offered through existing and emerging market-rate programs and technology.

Single Family Comprehensive
The Single Family Comprehensive program offers behavior intervention strategies to residential participants with the goal of achieving short-term energy and cost savings that can persist and produce long-term behaviors. This will be achieved by fostering participant engagement, ensuring participant satisfaction, and providing energy education and upgrades through regular and participant-specific touch points in the form of paper or digital home energy reports and a web-based education portal.

Source of Funding for Market Assessment and Report
Per D.09-09-047, EM&V is funded through the energy efficiency portfolio and is capped at 4% of the adopted portfolio budget. In alignment with the Decision and the Commission adopted policy goals for EM&V, MCE’s EM&V study is planned in accordance with the following core objective:

*Market Assessment* – In a constantly evolving environment, market assessments are an essential EM&V product needed to set the baseline for strategic design and improvement of programs and portfolios. Saturation studies, surveys of emerging technologies and other such analyses which inform estimates of remaining program potential and forward-looking goal setting are key aspects of market assessment.

MCE has an available EM&V budget of $119,000 for the Market Assessment and Report.

III. PURPOSE OF THIS RFP

The purpose of this RFP is to identify a vendor to develop a Market Assessment and Report that will assist MCE in better understanding opportunities and strategies for overcoming barriers to serving residential customers with energy efficiency. The Market Assessment and Report has been identified as critical in fostering continued improvement for MCE’s current energy efficiency
portfolio. Promptly after being awarded the contract, the vendor shall be responsible for conducting and completing this study and shall work closely with MCE staff.

**MCE Market Assessment Study and Report**

MCE’s service area is primarily residential. Eighty-eight percent of its customers are on a residential rate schedule, with 20 percent enrolled in either CARE or FERA. This Market Assessment and Report will investigate the barriers to energy efficiency program participation for underserved residential communities. It will help MCE understand how it can improve its communications, provide more effective delivery of energy efficiency services and technologies, and include more inclusive practices within underserved residential communities. Additionally, given that COVID-19 poses a greater threat to underserved communities, MCE sees the need to understand how its energy efficiency programs can alleviate challenges that are faced by these communities. MCE’s market assessment will be forward-looking and focus primarily on current (2021) and future activities.

The core objectives are to:

- Determine specific recommendations to bring energy efficiency to underserved communities.
- Understand the value of energy efficiency services and products within underserved communities.
- Commit to inclusive practices by ensuring future program designs meet the needs of the intended beneficiaries.
- Improve communications and understand what clean energy technologies would provide a benefit and what the benefit is, particularly for underserved communities.
- Identify pathways for advancing energy efficiency in underserved communities, while also fulfilling a mandate to deliver a cost-effective portfolio.

For purposes of the Market Assessment and Report “underserved community” means a community that meets one of the following criteria:

- Is a “disadvantaged community” as defined by subdivision (g) of Section 75005 of the Public Resources Code;
- Is included within the definition of “low-income communities” as defined by paragraph (2) of subdivision (d) of Section 39713 of Health and Safety Code;
- Is within an area identified as among the most disadvantaged 25 percent in the state according to the California Environmental Protection Agency and based on the most recent California Communities Environmental Health Screening Tool, also known as CalEnviroScreen;
- Is a community in which at least 75 percent of public-school students in the project area are eligible to receive free or reduced-price meals under the National School Lunch Program; or
- Is a community located on lands belonging to a federally recognized California Indian tribe.

**IV. PROPOSED SCOPE OF WORK**

The following proposed scope of work is designed to facilitate completion and satisfaction of the Market Assessment and Report. MCE and the selected Contractor will jointly finalize the scope
of work. Responses to this RFP should provide recommended revisions to this proposed scope of work.

Research and Evaluation Plan

- Assess which studies have been recently completed and/or in-progress and prior MCE program cycles to identify information gaps and address incremental research needs.
- Identify ways in which recommendations from this study can be implemented to achieve our core objectives in a cost-effective manner.
- Represent MCE, as needed, in Project Coordination Groups to coordinate and plan EM&V activities in collaboration with the Energy Division, IOUs, Regional Energy Networks (RENs), and Community Choice Aggregators (CCAs), in stakeholder workshops and/or webinars, and in public meetings.
- Collaborate with various program implementers and a variety of energy efficiency stakeholders both internal and external to MCE on EM&V activities.
- Exercise discipline in the use of Basecamp and/or any system used by Energy Division (ED) to track EM&V projects to facilitate communication, document shared understanding, and memorialize decisions made for planning, designing, and execution of studies.

Project Formation and Work Plan Development

- Prepare scopes of work and project descriptions for the Market Assessment and Report that clearly identify study scope, goals, and limitations and address how the study will add to the current understanding of the subject.
- Develop a detailed work plan that includes, at a minimum, 1) description of the evaluation and assessment activities that will be undertaken; 2) presentation of tasks and sub-tasks; 3) project schedule and milestones; 4) necessary resources, personnel, and budget; and 5) task deliverables for the Market Assessment and Report.
- Address and resolve comments and/or issues raised by MCE staff, Energy Division staff, and other interested external stakeholders on scopes of work, project descriptions, and work plans for the Market Assessment and Report.

Project Initiation and Management

- Upon ED approval of the Market Assessment and Report and direction from MCE staff, schedule and conduct a kickoff meeting to discuss the approved study and work plan, orient the Contractor’s team to MCE’s administrative and technical expectations, and develop communication protocols for the duration of the study.
- Execute and project manage approved study, including all aspects of research from inception to completion to achieve specified study goals.
- Ensure all evaluation services and activities are implemented as documented in the approved work plan and that project activities, deliverables, and reporting are completed as scheduled.
- Maintain regular and direct communication with MCE staff regarding the approved Market Assessment and Report and any related EM&V activities. At the request of MCE, Contractor shall be responsible for attending and/or facilitating in-person, telephone, or web-based regular and ad-hoc project meetings. Contractor shall be responsible for
preparing agendas, meeting materials, and meeting notes in a timely manner, allowing sufficient time for review by MCE staff.

- Provide ad-hoc or regularly scheduled reports and data sets to MCE staff as requested. The reports and data sets could include, but not be limited to the following subject areas: contract compliance, deliverables progress and results, project management, and project expenditures.
- Monitor the study schedule, budget, and specifications to ensure on-time fulfillment of study goals and objectives. Contractor shall acquire written approval from MCE staff prior to making any changes to the study’s work plan.
- Acquire written approval from MCE staff for any replacement, substitution, or addition of personnel and/or sub-contractors conducting the study and or related EM&V activities.
- Participate and/or host various types of stakeholder engagements to ensure a proper public vetting process throughout the life of the Market Assessment and Report.
- Address and resolve comments and/or issues raised by MCE staff, Energy Division staff, and other interested external stakeholders during the duration of the study.
- Conduct Market Assessment and Report and related EM&V activities in a transparent manner, including open, truthful, and timely communication; regular meetings to provide updates on projects, inclusion of MCE staff, Energy Division staff, and other external stakeholders.

Data Collection, Record Keeping, and Technical Assistance

- Develop a comprehensive data collection plan for the Market Assessment and Report based on the goals and objectives of the study. Data collection methods may include direct contact or observations with program participants, interviews, surveys, experiments, literature reviews, and/or other industry approved collection methods.
- Clearly define the approach and timeline for data collection throughout the duration of the study and follow stratified sampling methodology.
- Create and submit data requests to ensure sufficient data for evaluations.
- Ensure quality control of all data collected and data collection provides statistically significant results.
- Use trained researchers that have appropriate experience to effectively review and report qualitative data.
- If needed as determined in the work plan, provide technical assistance and engineering support in relation to the study and associated EM&V activities. Perform cost effective analyses as needed in support of program optimization and results verification.
- Identify appropriate data sources and reference materials based on study’s goals and objectives.
- Make the underlying data and research used to develop the market assessment study organized and easily accessible to MCE staff.
- Provide and maintain data security for all data collected during the duration of the EM&V study. Privacy and security features may include but are not limited to secure data transfer channels, secured servers, workstation, laptop, mobile devices. The Contractor shall comply to MCE security protocols as applicable.
- Provide confidentiality of all data collected for the Market Assessment and Report. Information not deemed for public release shall not be divulged and shared unless given prior written approval from MCE staff.
• Upon completion of the study, the Contractor shall provide MCE staff with: 1) all data collected and/or generated during the duration of the study; 2) statistics describing the data collected, data requests for the evaluation; 3) data collection forms and surveys; 4) all algorithms, scripts, source codes, spreadsheets, databases, widgets, applications, or files developed for the study; 5) methodology on data quality check and results of the quality check; and 6) all other related documents for data collection.

Preparation and Delivery of Market Assessment and Report

• Prepare a draft Report for MCE staff review that includes: 1) an executive summary that is easily understandable and written in plain language for a nontechnical audience; 2) study approach and methodology; 3) data source, data collection, and data findings; 4) study conclusions; and 5) recommendations.
• Prepare a final Report that incorporates comments from MCE staff and includes: 1) an executive summary that is easily understandable and written in plain language for a non-technical audience; 2) study approach and methodology; 3) data source, data collection, and data findings; 4) study conclusions; and 5) recommendations. Contractor shall prepare an electronic PDF formatted document of the final Report that can be uploaded for public consumption and a print-ready formatted document of the final Report that can be submitted to a printing entity for mass printing.
• Present Report findings to MCE staff, Energy Division staff, IOU/REN/CCA Program Administrators (PAs), and other external stakeholders. The Contractor must be able to explain measurement and evaluation approaches, and results to a non-technical audience.
• Provide actionable recommendations tied to study data to inform MCE’s program performance and development of cost-effective energy efficiency programs that increase participation from underserved communities. Recommendations should surround the following objectives: 1) lower cost; 2) increase innovation in program design and measure technology; 3) increase energy savings; 4) improve operations and efficiency; 5) increase cost effectiveness; and 6) increase participation and influence behaviors of potential, new customers.

V. MINIMUM REQUIREMENTS

a. A minimum of two (2) years of experience in the last five (5) years providing Evaluation, Measurement, and Verification (EM&V) of Energy Efficiency (EE) or other clean energy programs.

b. A list of 2-3 clients served in the last five years to be used as references. For each reference, include the following information:
   i. scope of work
   ii. dates of contract
   iii. Name, Title, Phone Number, and Email of EM&V client
   iv. Sample work product: a written report produced as a deliverable at the completion of an EM&V study for a client – preferably market research

c. Proposer shall not be under a current contract for program delivery work – either as a program implementer or subcontractor to an implementer per D.01-01-055. Any Proposer under contract is ineligible for this solicitation. D.05-01-055 prohibits entities from
performing EM&V studies at the same time a Proposer is under contract for program delivery work – either as a program implementer or subcontractor to an implementer. An exception may be granted if the entity is proposing to complete a Market Assessment and Report on a program that the Proposer is not currently contracted to conduct program delivery work. Proposer shall submit documentation clearly indicating that there is no conflict of interest if selected to perform the required services of this solicitation.

VI. REQUIRED CONTENT OF PROPOSALS

Proposals must include all of the following components in sufficient detail to allow MCE to evaluate the offer (using the criteria in Section IV):

a. Cover Sheet with the following information:
   1. Legal business name, address, telephone number, and business type (corporation, limited partnership, individual, etc.
   2. Name of vendor’s contact with respect to this RFP and their telephone number and email address.
   3. A signature of an authorized individual associated with the vendor.

b. Table of Contents:
   1. List all material included in the Proposal. Include a clear definition of the material, identified by sequential page numbers and by section reference numbers.

c. Executive Summary:
   1. Condense and highlight the contents of the Proposer’s Proposal to provide a broad understanding of the Proposer’s approach, qualifications, experience, and staffing.

d. Experience and Qualifications:
   1. Provide resumes of staff that will perform the work as described in the Proposed Scope of Work (Section IV) to confirm experience and qualifications and who will be specifically full time to the contract.
   2. Provide a summary of relevant background information to demonstrate that each staff member proposed to perform each task within the SOW has the capability to perform the required services as outlined in the SOW.
   3. Proposer must provide a minimum of one (1) reference where the same or similar scope of services was provided. It is the Proposer’s sole responsibility to ensure that the firm’s name, and point of contact’s name, title and phone number for each reference is accurate. The same reference(s) may be used to satisfy section V.

e. Approach to Provide Required Services: Proposer shall provide a plan to implement the work as described in Section IV. The Implementation Plan shall include:
   1. A detailed approach for conducting and completing the study described in Section III. Proposer shall include a proposed work plan, including timelines, for conducting and completing this study. The vendor’s work plan can be organized by deliverables, subject areas, evaluation methods, or a combination of all of these as appropriate, as long as it is well organized, detailed, and comprehensive. The Proposal should articulate a strong justification for the chosen approach and provide as much detail as possible.
   2. A proposed study lead who will serve as the primary point of contact during the duration of the study. The study lead should be made accessible to MCE and
shall respond to telephone calls, e-mail messages, and other communications promptly, preferably within one business day or less, allowing minimal, reasonable exceptions. The Proposal should articulate why this individual is qualified to lead the EM&V study.

3. An organizational chart and/or a table identifying the name, title, and specific responsibilities of key staff for the study.

4. A detailed approach for the evaluation, measurement, and verification of MCE’s residential programs; incorporating contractor tasks listed in Section IV. The Proposal should describe how the vendor will provide each of the required tasks set forth in the Scope of Work.

5. Provide an explanation of how the vendor will ensure that the study findings are relevant to MCE’s communities mentioned in Section III (i.e., partnerships with CBOS or a robust stakeholder engagement).

f. **Pricing:**
   1. Proposals should include pricing for any items in or related to the Scope of Work for which MCE would be billed. MCE may decide to use the selected Contractor for up to $119,000 annually under the MCE EM&V budget.

g. **Information and Resources Required from MCE:**
   1. Please indicate what, if any, additional resources or information would be required from MCE in order to complete the Scope of Work.

VII. **EVALUATION CRITERIA**

MCE will evaluate proposals using the following criteria:

- Experience and qualifications (40%)
- Approach to providing required services (40%)
- Cost evaluation criteria (20%)

VIII. **KEY DEADLINES AND SUBMISSION REQUIREMENTS**

a. **Notice of Interest:** A notice of interest in submitting an offer is not required, however, it is useful for the evaluation process. No later than the deadline for submitting questions, all parties interested in responding to this RFP are encouraged, but not required, to notify MCE via email of the intent to submit a proposal. This notice creates no obligation to submit a proposal but will ensure that interested parties are copied on MCE’s responses to questions submitted by potential respondents. Notices must be sent to contracts@mcecLeanenergy.org and should include the company’s name and email contact information, referencing “MCE Market Assessment and Report for Residential Energy Efficiency – Notice of Interest” in the subject line.

b. **Deadline for Questions.** Any questions related to the content of this RFP must be submitted to the Contracts Manager no later than February 19, 2021.

c. **Deadline for Responses.** MCE Responses to all questions received will be sent to all vendors on the distribution list via email by February 26, 2021.

d. **Submission Deadline.** To be eligible for considerations, all responses must be submitted via the below Egnyte upload link, in either .pdf or .docx (Word) file format, **no later than 4:00 p.m. PDT on March 05, 2021:**

   https://mea.egnyte.com/ul/YnSXfKh1jV
Respondents must fill in the two required fields as follows before uploading documents:

Name: Please list Company Name;
Email Address: List email address of the contact submitting the response.

Please leave the optional third field requesting company name blank; company name should be listed in the first required field titled “Name”.

Respondents may upload files until the deadline listed above. Any submissions received after the deadline will not be considered.

Proposal documents submitted via email will not be accepted.

e. Selection of Contractor. Subject to the General Terms and Conditions below, MCE anticipates that the contractor selection process will be completed by March 12, 2021.

IX. GENERAL TERMS AND CONDITIONS

a. MCE’s Reserved Rights. MCE may, at its sole discretion: withdraw this Request for Proposals at any time, and/or reject any or all offers or proposals submitted without awarding a contract. Respondents are solely responsible for any costs or expenses incurred in connection with the preparation and submittal of an offer or proposal.

b. Public Records. All documents submitted in response to this Request will become the property of MCE upon submittal, and will be subject to the provisions of the California Public Records Act and any other applicable disclosure laws. Upon submission, all proposals shall be treated as confidential until the selection process is completed. Once a contract is awarded, all proposals shall be deemed public record. MCE is required to comply with the California Public Records Act as it relates to the treatment of any information marked “confidential.” Respondents requesting that portions of its submittal should be exempt from disclosure must clearly identify those portions with the word “Confidential” printed on the lower right-hand corner of the page. Each page shall be clearly marked and separable from the proposal in order to facilitate public inspection of the non-confidential portion of the proposal. MCE will consider a respondent’s request for an exemption from disclosure; however, if MCE receives a request for documents under the California Public Records Act, MCE will make a decision based upon applicable laws. Respondents should not over-designate material as confidential, and any requests or assertions by a respondent that the entire submittal, or significant portions thereof, are exempt from disclosure will not be honored.

c. No Guarantee of Contract. MCE makes no guarantee that a contractor and/or firm submitting documents under this solicitation will result in a contract. The successful vendor, if any, will enter into an agreement for services based on MCE’s Standard Form Agreement, attached hereto as Attachment A for informational purposes only. The terms included in the attached standard form are subject to change based on the scope of work agreed to by MCE and the selected vendor.

d. Insurance. Selected vendors shall provide proof of insurance coverage meeting or exceeding the following minimum requirements prior to contracting with MCE: Commercial General Liability ($2,000,000 per occurrence, $4,000,000 aggregate for bodily injury and property damage), Motor Vehicle Liability Insurance ($1,000,000), Workers’
Compensation and Employer’s Liability Insurance (per statute), and Professional Liability Insurance ($1,000,000), as applicable.

X. QUESTIONS

To promote accuracy and consistency of information provided to all participants, questions will only be accepted via email submitted to MCE Contracts Manager at contracts@mcecleanenergy.org and the subject line of the email must read “MCE Market Assessment and Report for Residential Energy Efficiency RFP Question.” The deadline for submitting questions is Friday, February 19, 4 p.m. PDT.

MCE will provide a written response to the questions submitted via email by Friday, February 26 to all respondents who submitted questions and/or provided a complete Notice of Interest. MCE reserves the right to combine similar questions, rephrase questions, or decline to answer questions, at its sole discretion.

All questions must be submitted through the above process. No questions will be answered over the telephone or in person. Respondents may not have any contact regarding this procurement with any MCE official or staff from the time of issuance of this solicitation until the award of contract, other than through the process for submitting questions. Any contact in violation of these provisions will be grounds for disqualification.

Thank you for your interest!
THIS (FIRST) AGREEMENT (“Agreement”) is made and entered into on [Date] by and between MARIN CLEAN ENERGY (hereinafter referred to as “MCE”) and [CONTRACTOR name], [a [state] [corporate form]] with principal address at: [address] (hereinafter referred to as “Contractor”) (each, a “Party,” and, together, the “Parties”).

RECITALS:

WHEREAS, MCE desires to retain Contractor to provide the services described in Exhibit A attached hereto and by this reference made a part hereof (“Services”);

WHEREAS, Contractor desires to provide the Services to MCE;

NOW, THEREFORE, in consideration of the mutual covenants herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. SCOPE OF SERVICES:
Contractor agrees to provide all of the Services in accordance with the terms and conditions of this Agreement. “Services” shall also include any other work performed by Contractor pursuant to this Agreement.

2. FEES AND PAYMENT SCHEDULE; INVOICING:
The fees and payment schedule for furnishing Services under this Agreement shall be based on the rate schedule which is attached hereto as Exhibit B and by this reference incorporated herein. Said fees shall remain in effect for the entire term of the Agreement (“Term”). Contractor shall provide MCE with Contractor’s Federal Tax I.D. number prior to submitting the first invoice. Contractor is responsible for billing MCE in a timely and accurate manner. Contractor shall email invoices to MCE on a monthly basis for any Services rendered or expenses incurred hereunder. Fees and expenses invoiced beyond ninety (90) days will not be reimbursable. The final invoice must be submitted within thirty (30) days of completion of the stated scope of services or termination of this Agreement. MCE will process payment for undisputed invoiced amounts within thirty (30) days.

3. MAXIMUM COST TO MCE:
In no event will the cost to MCE for the Services to be provided herein exceed the maximum sum of $[___],000.

4. TERM OF AGREEMENT:
This Agreement shall commence on [Date] (“Effective Date”) and shall terminate on [Date], unless earlier terminated pursuant to the terms and conditions set forth in Section 12.

5. REPRESENTATIONS; WARRANTIES; COVENANTS:

5.1. CONTRACTOR REPRESENTATIONS AND WARRANTIES.
Contractor represents, warrants and covenants that (a) [it is a [corporation/limited liability company] duly organized, validly existing and in good standing under the laws of the State of [insert state of organization]], (b) it has full power and authority and all regulatory authorizations required to execute, deliver and perform its obligations under this Agreement and all exhibits and addenda and to engage in the business it presently conducts and contemplates conducting, (c) it is and will be duly licensed or qualified to do business and in good standing under the laws of the State of California and each other jurisdiction wherein the nature of its business transacted by it makes such licensing or qualification necessary and where the failure to be licensed or qualified would have a material adverse effect on its ability to perform its obligations hereunder, (d) it is qualified and competent to render the Services and possesses the requisite expertise to perform its obligations hereunder, (e) the execution, delivery and performance of this Agreement and all exhibits and addenda hereto are within its powers and do not violate the terms and conditions in its governing documents, any contracts to which it is a party or any law, rule, regulation, order or the like applicable to it, (f) this Agreement and each exhibit and addendum constitutes its legally valid and binding obligation enforceable against it in accordance with its terms, and (g) it is not bankrupt and there are no proceedings pending or being contemplated by it or, to its knowledge, threatened against it which would result in it being or becoming bankrupt.

5.2. COMPLIANCE WITH APPLICABLE LAW:
At all times during the Term and the performance of the Services, Contractor shall comply with all applicable federal, state and local laws, regulations, ordinances and resolutions (“Applicable Law”)
5.3. LICENSING. At all times during the performance of the Services, Contractor represents, warrants and covenants that it has and shall obtain and maintain, at its sole cost and expense, all required permits, licenses, certificates and registrations required for the operation of its business and the performance of the Services. Contractor shall promptly provide copies of such licenses and registrations to MCE at the request of MCE.

5.4. NONDISCRIMINATORY EMPLOYMENT: Contractor shall not unlawfully discriminate against any individual based on race, color, religion, nationality, sex, sexual orientation, gender identity, age or condition of disability. Contractor understands and agrees that Contractor is bound by and shall comply with the nondiscrimination mandates of all federal, state, and local statutes, regulations, and ordinances.

5.5. PERFORMANCE ASSURANCE; BONDING. At all times during the performance of the Services, Contractor represents, warrants and covenants that it has and shall obtain and maintain, at its sole cost and expense, all bonding requirements of the California Contractors State License Board (“CSLB”), as may be applicable. Regardless of the specific Services provided, Contractor shall also maintain any payment and/or performance assurances as may be requested by MCE during the performance of the Services.

5.6. SAFETY. At all times during the performance of the Services, Contractor represents, warrants and covenants that it shall:
(a) abide by all applicable federal and state Occupational Safety and Health Administration requirements and other applicable federal, state, and local rules, regulations, codes and ordinances to safeguard persons and property from injury or damage;
(b) abide by all applicable MCE security procedures, rules and regulations and cooperate with MCE security personnel whenever on MCE’s property;
(c) abide by MCE’s standard safety program contract requirements as may be provided by MCE to Contractor from time to time;
(d) provide all necessary training to its employees, and require Subcontractors to provide training to their employees, about the safety and health rules and standards required under this Agreement;
(e) have in place an effective Injury and Illness Prevention Program that meets the requirements all applicable laws and regulations, including but not limited to Section 6401.7 of the California Labor Code. Additional safety requirements (including MCE’s standard safety program contract requirements) are set forth elsewhere in the Agreement, as applicable, and in MCE’s safety handbooks as may be provided by MCE to Contractor from time to time;
(f) be responsible for initiating, maintaining, monitoring and supervising all safety precautions and programs in connection with the performance of the Agreement; and
(g) monitor the safety of the job site(s), if applicable, during the performance of all Services to comply with all applicable federal, state, and local laws and to follow safe work practices.

5.7. BACKGROUND CHECKS.
(a) Contractor hereby represents, warrants and covenants that any employees, members, officers, contractors, Subcontractors and agents of Contractor (each, a “Contractor Party,” and, collectively, the “Contractor Parties”) having or requiring access to MCE’s assets, premises, customer property (“Covered Personnel”) shall have successfully passed background screening on each such individual, prior to receiving access, which screening may include, among other things to the extent applicable to the Services, a screening of the individual’s educational background, employment history, valid driver’s license, and court record for the seven (7) year period immediately preceding the individual’s date of assignment to perform the Services.
(b) Notwithstanding the foregoing and to the extent permitted by applicable law, in no event shall Contractor permit any Covered Personnel to have one or more convictions during the seven (7) year period immediately preceding the individual’s date of assignment to perform the Services, or at any time after the individual’s date of, assignment to perform the Services, for any of the following (“Serious Offense”): (i) a “serious felony,” similar to those defined in California Penal Code Sections 1192.7(c) and 1192.8(a), or a successor statute, or (ii) any crime involving fraud (such as, but not limited to, crimes covered by California Penal Code Sections 476, 530.5, 550, and 2945, California Corporations Code 25540), embezzlement (such as, but not limited to, crimes covered by California Penal Code Sections 484 and 503 et seq.), or racketeering (such as, but not limited to, crimes covered by California Penal Code Section 186 or the Racketeer Influenced and Corrupt Organizations (“RICO”) Statute (18 U.S.C. Sections 1961-1968)).
(c) To the maximum extent permitted by applicable law, Contractor shall maintain documentation related to such background and drug screening for all Covered Personnel and make it available to MCE for audit if required pursuant to the audit provisions of this Agreement.
ATTACHMENT A

(d) To the extent permitted by applicable law, Contractor shall notify MCE if any of its Covered Personnel is charged with or convicted of a Serious Offense during the term of this Agreement. Contractor shall also immediately prevent that employee, representative, or agent from performing any Services.

5.8. FITNESS FOR DUTY. Contractor shall ensure that all Covered Personnel report to work fit for their job. Covered Personnel may not consume alcohol while on duty and/or be under the influence of drugs or controlled substances that impair their ability to perform the Services properly and safely. Contractor shall, and shall cause its Subcontractors to, have policies in place that require their employees, contractors, subcontractors and agents to report to work in a condition that allows them to perform the work safely. For example, employees should not be operating equipment under medication that creates drowsiness.

5.9. QUALITY ASSURANCE PROCEDURES. Contractor shall comply with the following requirements (the “Quality Assurance Procedures”): [______]. Additionally, Quality Assurance Procedures must include, but are not limited to: (i) industry standard best practices; (ii) procedures that ensure customer satisfaction; and (iii) any additional written direction from MCE.

5.10. ASSIGNMENT OF PERSONNEL. The Contractor shall not substitute any personnel for those specifically named in its proposal, if applicable, unless personnel with substantially equal or better qualifications and experience are provided, acceptable to MCE, as is evidenced in writing.

5.11. ACCESS TO CUSTOMER SITES: Contractor shall be responsible for obtaining any and all access rights for Contractor Parties, from customers and other third parties to the extent necessary to perform the Services. Contractor shall also procure any and all access rights from Contractor Parties, customers and other third parties in order for MCE and CPUC employees, representatives, agents, designees and contractors to inspect the Services.

6. INSURANCE:

At all times during the Term and the performance of the Services, Contractor shall maintain the insurance coverages set forth below. All such insurance coverage shall be substantiated with a certificate of insurance and must be signed by the insurer or its representative evidencing such insurance to MCE. The general liability policy shall be endorsed naming Marin Clean Energy and its employees, directors, officers, and agents as additional insureds. The certificate(s) of insurance and required endorsement shall be furnished to MCE prior to commencement of Services. Certificate(s) of insurance must be current as of the Effective Date, and shall remain in full force and effect through the Term. If scheduled to lapse prior to termination date, certificate(s) of insurance must be automatically updated before final payment may be made to Contractor. Each certificate of insurance shall provide for thirty (30) days’ advance written notice to MCE of any cancellation or reduction in coverage. Insurance coverages shall be payable on a per occurrence basis only, except those required by law or in equity, MCE may suspend payment to the Contractor for any Services provided during any period of time that insurance was not in effect and until such time as the Contractor provides adequate evidence that Contractor has obtained the required insurance coverage.

6.1. GENERAL LIABILITY. The Contractor shall maintain a commercial general liability insurance policy in an amount of no less than two million dollars ($2,000,000) with a four million dollar ($4,000,000) aggregate limit. “Marin Clean Energy” shall be named as an additional insured on the commercial general liability policy and the certificate of insurance shall include an additional endorsement page (see sample form: ISO - CG 20 10 11 85).

6.2. AUTO LIABILITY (REQUIRED IF CHECKED ☐). Where the Services to be provided under this Agreement involve or require the use of any type of vehicle by Contractor in order to perform said Services, Contractor shall also provide comprehensive business or commercial automobile liability coverage including non-owned and hired automobile liability in the amount of one million dollars combined single limit ($1,000,000).

6.3. WORKERS’ COMPENSATION. The Contractor acknowledges that the State of California requires every employer to be insured against liability for workers’ compensation or to undertake self-insurance in accordance with the provisions of the Labor Code. If Contractor has employees, it shall comply with this requirement and a copy of the certificate evidencing such insurance or a copy of the Certificate of Consent to Self-Insure shall be provided to MCE prior to commencement of Services.

6.4. PROFESSIONAL LIABILITY INSURANCE (REQUIRED IF CHECKED ☐). Contractor shall maintain professional liability insurance with a policy limit of not less than $1,000,000 per incident. If the deductible or self-insured retention amount exceeds $100,000, MCE may ask for evidence that Contractor has segregated amounts in a special insurance reserve fund, or that
ATTACHMENT A

Contractor’s general insurance reserves are adequate to provide the necessary coverage and MCE may conclusively rely thereon. Coverages required by this subsection may be provided on a claims-made basis with a “Retroactive Date” prior to the Effective Date. If the policy is on a claims-made basis, coverage must extend to a minimum of twelve (12) months beyond termination of this Agreement. If coverage is cancelled or non-renewed, and not replaced with another claims made policy form with a “retroactive date” prior to the Effective Date, Contractor must purchase “extended reporting” coverage for a minimum of twelve (12) months after termination of this Agreement.

6.5. PRIVACY AND CYBERSECURITY LIABILITY (REQUIRED IF CHECKED □). Contractor shall maintain privacy and cybersecurity liability (including costs arising from data destruction, hacking or intentional breaches, crisis management activity related to data breaches, and legal claims for security breach, privacy violations, and notification costs) of at least $1,000,000 US per occurrence.

7. FINANCIAL STATEMENTS:
Contractor shall deliver financial statements on an annual basis or as may be reasonably requested by MCE from time to time. Such financial statements or documents shall be for the most recently available audited or reviewed period and prepared in accordance with generally-accepted accounting principles.

8. SUBCONTRACTING:
The Contractor shall not subcontract nor assign any portion of the work required by this Agreement without prior, written approval of MCE, except for any subcontract work expressly identified herein in Exhibit A. If Contractor hires a subcontractor under this Agreement (a “Subcontractor”), Subcontractor shall be bound by all applicable terms and conditions of this Agreement, and Contractor shall ensure the following:

8.1. Subcontractor shall comply with the following terms of this Agreement: Sections 9, 10, Exhibit A.

8.2. Subcontractor shall provide, maintain and be bound by the representations, warranties and covenants of Contractor contained in Section 5 hereof (as may be modified to be applicable to Subcontractor with respect to Section 5.1(a) hereof) at all times during the Term of such subcontract and its provision of Services.

8.3. Subcontractor shall comply with the terms of Section 6 above, including, but not limited to providing and maintaining insurance coverage(s) identical to what is required of Contractor under this Agreement, and shall name MCE as an additional insured under such policies. Contractor shall collect, maintain, and promptly forward to MCE current evidence of such insurance provided by its Subcontractor. Such evidence of insurance shall be included in the records and is therefore subject to audit as described in Section 9 hereof.

8.4. Subcontractor shall be contractually obligated to indemnify the MCE Parties (as defined in Section 17 hereof) pursuant to the terms and conditions of Section 17 hereof.

8.5. Subcontractors shall not be permitted to further subcontract any obligations under this Agreement.

Contractor shall be solely responsible for ensuring its Subcontractors’ compliance with the terms and conditions of this Agreement made applicable above and to collect and maintain all documentation and current evidence of such compliance. Upon request by MCE, Contractor shall promptly forward to MCE evidence of same. Nothing contained in this Agreement or otherwise stated between the Parties shall create any legal or contractual relationship between MCE and any Subcontractor, and no subcontract shall relieve Contractor of any of its duties or obligations under this Agreement. Contractor’s obligation to pay its Subcontractors is an independent obligation from MCE’s obligation to make payments to Contractor. As a result, MCE shall have no obligation to pay or to enforce the payment of any monies to any Subcontractor.

9. RETENTION OF RECORDS AND AUDIT PROVISION:
Contractor shall keep and maintain on a current basis full and complete records and documentation pertaining to this Agreement and the Services, whether stored electronically or otherwise, including, but not limited to, valuation records, accounting records, documents supporting all invoices, employees’ time sheets, receipts and expenses, and all customer documentation and correspondence (the “Records”). MCE shall have the right, during regular business hours, to review and audit all Records during the Term and for at least five (5) years from the date of the completion or termination of this Agreement. Any review or audit may be conducted on Contractor's premises or, at MCE's option, Contractor shall provide all records within a maximum of fifteen (15) days upon receipt of written request from MCE. Contractor shall refund any monies erroneously charged. Contractor shall have an opportunity to review and respond to or refute any report or summary of audit findings, and shall promptly refund any overpayments made by MCE based on undisputed audit findings.

10. DATA, CONFIDENTIALITY AND INTELLECTUAL PROPERTY:
10.1. DEFINITION OF “MCE DATA”. “MCE Data” shall mean all data or information provided by or on behalf of MCE, including but not limited to, customer Personal Information; energy usage data relating to, of, or concerning, provided by or on behalf of any customers; all data or information input, information systems and technology, software, methods, forms, manuals, and designs, transferred, uploaded, migrated, or otherwise sent by or on behalf of MCE to Contractor as MCE may approve of in advance and in writing (in each instance); account numbers, forecasts, and other similar information disclosed to or otherwise made available to Contractor. MCE Data shall also include all data and materials provided by or made available to Contractor by MCE’s licensors, including but not limited to, any and all survey responses, feedback, and reports subject to any limitations or restrictions set forth in the agreements between MCE and their licensors.

“Confidential Information” under this Agreement shall have the same meaning as defined in the Marin Clean Energy Non-Disclosure Agreement between the Parties dated [MONTH, DAY, YEAR].

10.2. DEFINITION OF “PERSONAL INFORMATION”. “Personal Information” includes but is not limited to the following: personal and entity names, e-mail addresses, addresses, phone numbers, any other public or privately-issued identification numbers, IP addresses, MAC addresses, and any other digital identifiers associated with entities, geographic locations, users, persons, machines or networks. Contractor shall comply with all applicable federal, state and local laws, rules, and regulations related to the use, collection, storage, and transmission of Personal Information.

10.3. MCE DATA SECURITY MEASURES. Prior to Contractor receiving any MCE Data, Contractor shall comply, and at all times thereafter continue to comply, in compliance with MCE’s Data security policies set forth in MCE Policy 009 (available upon request) and MCE’s Advanced Metering Infrastructure (AMI) Data Security and Privacy Policy (“Security Measures”) and pursuant to MCE’s Confidentiality provisions in Section 5 of the Marin Clean Energy Non-Disclosure Agreement between the parties dated [DAY MONTH YEAR], and as set forth in MCE Policy 001 - Confidentiality. MCE’s Security Measures and Confidentiality provisions require Contractor to adhere to reasonable administrative, technical, and physical safeguard protocols to protect the MCE’s Data from unauthorized handling, access, destruction, use, modification or disclosure.

10.4. CONTRACTOR DATA SECURITY MEASURES. Additionally, Contractor shall, at its own expense, adopt and continuously implement, maintain and enforce reasonable technical and organizational measures consistent with the sensitivity of Personal Information and Confidential Information including, but not limited to, measures designed to (1) prevent unauthorized access to, and otherwise physically and electronically protect, the Personal Information and Confidential Information, and (2) protect MCE content and MCE Data against unauthorized or unlawful access, disclosure, alteration, loss, or destruction.

10.5. RETURN OF MCE DATA. Promptly after this Agreement terminates, (i) Contractor shall securely destroy all MCE Data in its possession and certify the secure destruction in writing to MCE, and (ii) each Party shall return (or if requested by the disclosing Party, destroy) all other Confidential Information and property of the other (if any), provided that Contractor’s attorney shall be permitted to retain a copy of such records or materials solely for legal purposes.

10.6. OWNERSHIP AND USE RIGHTS.
   a) MCE Data. Unless otherwise expressly agreed to in writing by the Parties, MCE shall retain all of its rights, title and interest in MCE’s Data.
   b) Intellectual Property. Unless otherwise expressly agreed to in writing by the Parties, any and all materials, information, or other intellectual property created, prepared, accumulated or developed by Contractor or any Contractor Party under this Agreement (“Intellectual Property”), including finished and unfinished inventions, processes, templates, documents, drawings, computer programs, designs, calculations, valuations, maps, plans, workplans, text, filings, estimates, manifests, certificates, books, specifications, sketches, notes, reports, summaries, analyses, manuals, visual materials, data models and samples, including summaries, extracts, analyses and preliminary or draft materials developed in connection therewith, shall be owned by MCE on behalf and for the benefit of MCE’s respective customers. MCE shall have the exclusive right to use Intellectual Property in its sole discretion and without further compensation to Contractor or to any other party. Contractor shall, at MCE’s expense, provide Intellectual Property to MCE or to any party MCE may designate upon written request. Contractor may keep one file reference copy of Intellectual Property prepared for MCE solely for legal purposes and if otherwise agreed to in writing by MCE. In addition, Contractor may keep one copy of Intellectual Property if otherwise agreed to in writing by MCE.
   c) Intellectual Property shall be owned by MCE upon its creation. Contractor agrees to execute any such other documents or take other actions as MCE may reasonably request to perfect MCE’s ownership in the Intellectual Property.
   d) Contractor’s Pre-Existing Materials. If, and to the extent Contractor retains any preexisting ownership rights (“Contractor’s Pre-Existing Materials”) in any of the materials furnished to be used to create, develop, and prepare the Intellectual Property, Contractor hereby grants MCE on behalf of its customers and the CPUC for governmental and regulatory purposes an irrevocable, assignable, non-exclusive, perpetual, fully paid up, worldwide, royalty-free, unrestricted license to use and sublicense others to use, reproduce, display, prepare and develop derivative works,
ATTACHMENT A

perform, distribute copies of any intellectual or proprietary property right of Contractor or any Contractor Party for the sole purpose of using such Intellectual Property for the conduct of MCE’s business and for disclosure to the CPUC for governmental and regulatory purposes related thereto. Unless otherwise expressly agreed to by the Parties, Contractor shall retain all of its rights, title and interest in Contractor’s Pre-Existing Materials. Any and all claims to Contractor’s Pre-Existing Materials to be furnished or used to prepare, create, develop or otherwise manifest the Intellectual Property must be expressly disclosed to MCE prior to performing any Services under this Agreement. Any such Pre-Existing Material that is modified by work under this Agreement is owned by MCE.

10.7. EQUITABLE RELIEF. Each Party acknowledges that a breach of this Section 10 would cause irreparable harm and significant damages to the other Party, the degree of which may be difficult to ascertain. Accordingly, each Party agrees that MCE shall have the right to obtain immediate equitable relief to enjoin any unauthorized use or disclosure of MCE Data or Personal Information, in addition to any other rights and remedies that it may have at law or otherwise; and Contractor shall have the right to obtain immediate equitable relief to enjoin any unauthorized use or disclosure of Contractor’s Pre-Existing Materials, in addition to any other rights and remedies that it may have at law or otherwise.

11. FORCE MAJEURE:
A Party shall be excused for failure to perform its obligations under this Agreement if such obligations are prevented by an event of Force Majeure (as defined below), but only for so long as and to the extent that the Party claiming Force Majeure (‘Claiming Party’) is actually so prevented from performing and provided that (a) the Claiming Party gives written notice and full particulars of such Force Majeure to the other Party (the “Affected Party”) promptly after the occurrence of the event relied on, (b) such notice includes an estimate of the expected duration and probable impact on the performance of the Claiming Party’s obligations under this Agreement, (c) the Claiming Party furnishes timely regular reports regarding the status of the Force Majeure, including updates with respect to the data included in Section 10 above during the continuation of the delay in the Claiming Party’s performance, (d) the suspension of such obligations sought by Claiming Party is of no greater scope and of no longer duration than is required by the Force Majeure, (e) no obligation or liability of either Party which became due or arose before the occurrence of the event causing the suspension of performance shall be excused as a result of the Force Majeure; (f) the Claiming Party shall exercise commercially reasonable efforts to mitigate or limit the interference, impairment and losses to the Affected Party; (g) when the Claiming Party is able to resume performance of the affected obligations under this Agreement, the Claiming Party shall give the Affected Party written notice to that effect and promptly shall resume performance under this Agreement. “Force Majeure” shall mean acts of God such as floods, earthquakes, fires, orders or decrees by a governmental authority, civil or military disturbances, wars, riots, terrorism or threats of terrorism, utility power shutoffs, strikes, labor disputes, pandemic, or other forces over which the responsible Party has no control and which are not caused by an act or omission of such Party.

12. TERMINATION:
12.1. If the Contractor fails to provide in any manner the Services required under this Agreement, otherwise fails to comply with the terms of this Agreement, violates any Applicable Law, makes an assignment of any general arrangement for the benefit of creditors, files a petition or otherwise commences, authorizes or acquiesces in the commencement of a proceeding or cause under any bankruptcy or similar law for the protection of creditors, or has such petition filed against it, otherwise becomes bankrupt or insolvent (however evidenced), or becomes unable to pay its debts as they fall due, then MCE may terminate this Agreement by giving five (5) business days’ written notice to Contractor.

12.2. Either Party hereto may terminate this Agreement for any reason by giving thirty (30) calendar days’ written notice to the other Party. Notice of termination shall be by written notice to the other Party and be sent by registered mail or by email to the email address listed in Section 19.

12.3. In the event of termination not the fault of the Contractor, the Contractor shall be paid for Services performed up to the date of termination in accordance with the terms of this Agreement so long as proof of required insurance is provided for the periods covered in the Agreement or Amendment(s). Notwithstanding anything contained in this Section 12, in no event shall MCE be liable for lost or anticipated profits or overhead on uncompleted portions of the Agreement. Contractor shall not enter into any agreement, commitments or subcontracts that would incur significant cancelation or termination costs without prior written approval of MCE, and such written approval shall be a condition precedent to the payment of any cancellation or termination charges by MCE under this Section 12. Also, as a condition precedent to the payment of any cancellation or termination charges by MCE under this Section 12, Contractor shall have delivered to MCE any and all Intellectual Property (as defined in Section 10.1(b)) prepared for MCE before the effective date of such termination.

12.4. MCE may terminate this Agreement if funding for this Agreement is reduced or eliminated by a third-party funding source.

12.5. Without limiting the foregoing, if either Party’s activities hereunder become subject to law or regulation of any kind, which renders the activity illegal, unenforceable, or which imposes additional costs on such Party for which the parties cannot mutually agree upon an acceptable price modification, then such Party shall at such time have the right to terminate this Agreement

MCE Standard Form 001 (Updated 2/3/2021)  (First) Agreement – MCE & CONTRACTOR NAME  Page 6 of 13
ATTACHMENT A

upon written notice to the other Party with respect to the illegal, unenforceable, or uneconomic provisions only, and the remaining provisions will remain in full force and effect.

12.6. Upon termination of this Agreement for any reason, Contractor shall and shall cause each Contractor Party to bring the Services to an orderly conclusion as directed by MCE and shall return all MCE Data (as defined in Section 10.1(a) above) and Intellectual Property to MCE.

12.7. Notwithstanding the foregoing, this Agreement shall be subject to changes, modifications, or termination by order or directive of the California Public Utilities Commission ("CPUC"). The CPUC may from time to time issue an order or directive relating to or affecting any aspect of this Agreement, in which case MCE shall have the right to change, modify or terminate this Agreement in any manner to be consistent with such order or directive.

12.8. Notwithstanding any provision herein to the contrary, Sections 2, 3, 8.4, 9, 10, 12, 15, 16, 17, 18, 19, 20, 21, 22, 24, Exhibit B of this Agreement shall survive the termination or expiration of this Agreement.

13. ASSIGNMENT:
The rights, responsibilities, and duties under this Agreement are personal to the Contractor and may not be transferred or assigned without the express prior written consent of MCE.

14. AMENDMENT; NO WAIVER:
This Agreement may be amended or modified only by written agreement of the Parties. Failure of either Party to enforce any provision or provisions of this Agreement will not waive any enforcement of any continuing breach of the same provision or provisions or any breach of any provision or provisions of this Agreement.

15. DISPUTES:
Either Party may give the other Party written notice of any dispute which has not been resolved at a working level. Any dispute that cannot be resolved between Contractor’s contract representative and MCE’s contract representative by good faith negotiation efforts shall be referred to Legal Counsel of MCE and an officer of Contractor for resolution. Within 20 calendar days after delivery of such notice, such persons shall meet at a mutually acceptable time and place, and thereafter as often as they reasonably deem necessary to exchange information and to attempt to resolve the dispute. If MCE and Contractor cannot reach an agreement within a reasonable period of time (but in no event more than 30 calendar days), MCE and Contractor shall have the right to pursue all rights and remedies that may be available at law or in equity. All negotiations and any mediation agreed to by the Parties are confidential and shall be treated as compromise and settlement negotiations, to which Section 1119 of the California Evidence Code shall apply, and Section 1119 is incorporated herein by reference.

16. JURISDICTION AND VENUE:
This Agreement shall be construed in accordance with the laws of the State of California and the Parties hereto agree that venue shall be in Marin County, California.

17. INDEMNIFICATION:
To the fullest extent permitted by Applicable Law, Contractor shall indemnify, defend, and hold MCE and its employees, officers, directors, representatives, and agents ("MCE Parties"), harmless from and against any and all actions, claims, liabilities, losses, costs, damages, and expenses (including, but not limited to, litigation costs, attorney's fees and costs, physical damage to or loss of tangible property, and injury or death of any person) arising out of, resulting from, or caused by: a) the negligence, recklessness, intentional misconduct, fraud of all Contractor Parties; b) the failure of a Contractor Party to comply with the provisions of this Agreement or Applicable Law; or c) any defect in design, workmanship, or materials carried out or employed by any Contractor Party.

18. NO RECOURSE AGAINST CONSTITUENT MEMBERS OF MCE:
MCE is organized as a Joint Powers Authority in accordance with the Joint Exercise of Powers Act of the State of California (Government Code Section 6500, et seq.). Pursuant to MCE’s Joint Powers Agreement, MCE is a public entity separate from its constituent members. MCE shall solely be responsible for all debts, obligations, and liabilities accruing and arising out of this Agreement. No Contractor Party shall have rights and nor shall any Contractor Party make any claims, take any actions, or assert any remedies against any of MCE’s constituent members in connection with this Agreement.
19. INVOICES; NOTICES:
This Agreement shall be managed and administered on MCE’s behalf by the Contract Manager named below. All invoices shall be submitted by email to:

Email Address: invoices@mcecleanenergy.org

All other notices shall be given to MCE at the following location:

Contract Manager: Troy Nordquist
MCE Address: 1125 Tamalpais Avenue
San Rafael, CA 94901
Email Address: contracts@mcecleanenergy.org
Telephone No.: (925) 378-6767

Notices shall be given to Contractor at the following address:

Contractor:

Telephone No.:  

20. ENTIRE AGREEMENT; ACKNOWLEDGMENT OF EXHIBITS:
This Agreement along with the attached Exhibits marked below constitutes the entire Agreement between the Parties. In the event of a conflict between the terms of this Agreement and the terms in any of the following Exhibits, the terms in this Agreement shall govern.

☒ Check applicable Exhibits

| EXHIBIT A | ☒ Scope of Services |
| EXHIBIT B | ☒ Fees and Payment |
| EXHIBIT C | ☐ Energy Efficiency Program Terms |

21. SEVERABILITY:
Should any provision of this Agreement be held invalid or unenforceable by a court of competent jurisdiction, such invalidity will not invalidate the whole of this Agreement, but rather, the remainder of the Agreement which can be given effect without the invalid provision, will continue in full force and effect and will in no way be impaired or invalidated.
ATTACHMENT A

22. INDEPENDENT CONTRACTOR:
Contractor is an independent contractor to MCE hereunder. Nothing in this Agreement shall establish any relationship of partnership, joint venture, employment or franchise between MCE and any Contractor Party. Neither MCE nor any Contractor Party will have the power to bind the other or incur obligations on the other’s behalf without the other’s prior written consent, except as otherwise expressly provided for herein.

23. TIME:
Time is of the essence in this Agreement and each and all of its provisions.

24. THIRD PARTY BENEFICIARIES:
The Parties agree that there are no third-party beneficiaries to this Agreement either express or implied.

25. FURTHER ACTIONS:
The Parties agree to take all such further actions and to execute such additional documents as may be reasonably necessary to effectuate the purposes of this Agreement.

26. PREPARATION OF AGREEMENT:
This Agreement was prepared jointly by the Parties, each Party having had access to advice of its own counsel, and not by either Party to the exclusion of the other Party, and this Agreement shall not be construed against either Party as a result of the manner in which this Agreement was prepared, negotiated or executed.

27. COUNTERPARTS:
This Agreement may be executed in one or more counterparts, each of which shall be deemed an original and all of which shall be deemed one and the same Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on the date first above written.

Approved by MCE Counsel: ________________________________ Date: ________________
EXHIBIT A
SCOPE OF SERVICES

Contractor shall provide the following Services under the Agreement as requested and directed by MCE staff, up to the maximum time/fees allowed under this Agreement:
EXHIBIT B
FEES AND PAYMENT SCHEDULE

For Services provided under this Agreement, MCE shall pay Contractor in accordance with the amount(s) and the payment schedule as specified below:

In no event shall the total cost to MCE for the services provided herein exceed the maximum sum of $,000 for the term of the Agreement.
EXHIBIT C
Energy Efficiency Program Terms

The terms below shall apply to all Contractor Parties providing Services under the [Program Name] (“Program”).

1. BILLING, ENERGY USE, AND PROGRAM TRACKING DATA (REQUIRED IF CHECKED ☐).
   a) Contractor shall comply with and timely cooperate with all CPUC directives, activities, and requests regarding the Program and Project evaluation, measurement, and verification (“EM&V”). For the avoidance of doubt, it is the responsibility of Contractor to be aware of all CPUC requirements applicable to the Services of this Agreement.
   b) Contractor shall make available to MCE upon demand, detailed descriptions of the program, data tracking systems, baseline conditions, and participant data, including financial assistance amounts.
   c) Contractor shall make available to MCE any revisions to Contractor's program theory and logic model (“PTLM”) and results from its quality assurance procedures, and comply with all MCE EM&V requirements, including reporting of progress and evaluation metrics.

2. WORKFORCE STANDARDS (REQUIRED IF CHECKED ☐).
   At all times during the Term of the Agreement, Contractor shall comply with, and shall cause all Contractor Parties to comply with, the workforce qualifications, certifications, standards and requirements set forth in this Exhibit D, Section 2 (“Workforce Standards”). The Workforce Standards shall be included in their entirety in MCE’s Final Implementation Plan. If applicable, “Final Implementation Plan” is defined in the deliverables for the Services listed in Exhibit A. Prior to commencement of any Services, once per calendar year, and at any other time as may be requested by MCE, Contractor shall provide all documentation necessary to demonstrate to MCE’s reasonable satisfaction that Contractor has complied with the Workforce Standards.

   2.1. HVAC STANDARDS (REQUIRED IF CHECKED ☐). For any non-residential project pursuant to this Agreement installing, modifying or maintaining a Heating Ventilation and Air Conditioning (“HVAC”) system or component with incentives valued at $3,000 or more, Contractor shall ensure that each worker or technician involved in the project, including all employees and agents of its Subcontractors, meets at least one of the following workforce criteria:
      a) Completed an accredited HVAC apprenticeship;
      b) Is enrolled in an accredited HVAC apprenticeship;
      c) Completed at least five years of work experience at the journey level as defined by the California Department of Industrial Relations, Title 8, Section 205, of the California Code of Regulations, passed a practical and written HVAC system installation competency test, and received credentialed training specific to the installation of the technology being installed; or
      d) Has a C-20 HVAC contractor license issued by the California Contractor's State Licensing Board.

   This standard shall not apply where the incentive is paid to any manufacturer, distributor, or retailer of HVAC equipment, unless the manufacturer, distributor, or retailer installs or contracts for the installation of the equipment.

   2.2. ADVANCED LIGHTING CONTROLS STANDARDS (REQUIRED IF CHECKED ☐). For any non-residential project pursuant to this Agreement involving installation, modification, or maintenance of lighting controls with incentives valued at $2,000 or more, Contractor shall ensure that all workers or technicians involved in the project, including those of its Subcontractors are certified by the California Advanced Lighting Controls Training Program (“CALTP”). This requirement shall not apply where the incentive is paid to a manufacturer, distributor, or retailer of lighting controls unless the manufacturer, distributor, or retailer installs or contracts for installation of the equipment.

3. COORDINATION WITH OTHER PROGRAM ADMINISTRATORS (REQUIRED IF CHECKED ☐).
   Contractor shall coordinate with other Program Administrators, including investor-owned utilities and local government agencies authorized by the CPUC to implement CPUC-directed energy efficient programs, administering energy efficiency programs in the same geographic area as MCE. These other Program Administrators include: Pacific Gas and Electric Company and Bay Area Regional Energy Network. The CPUC may develop further rules related to coordination between Program Administrators in the same geographic area, and any Contractor is required to comply with such rules.

4. MEASUREMENT AND VERIFICATION REQUIREMENTS, INCLUDING GUIDELINES ABOUT NORMALIZED METERED ENERGY CONSUMPTION (“NMEC”) DESIGN REQUIREMENTS (REQUIRED IF CHECKED ☐).
   Contractor shall:
   1. Only enroll customers that qualify for Program services.
   2. Comply with current policies, procedures, and other required documentation as required by MCE;
   3. Report Customer Participation Information to MCE.
4. Work with MCE’s evaluation team to define Program-specific data collection and evaluability requirements, and in the case of NMEC which independent variables shall be normalized.

Throughout the Term, MCE may identify new net lifecycle energy savings estimates, net-to- gross ratios, effective useful lives, or other values that may alter Program Net Lifecycle Energy Savings, as defined in Exhibit A, if applicable. Contractor shall use modified values upon MCE’s request, provided MCE modifies Contractor’s Program budget and/or overall Program net lifecycle Energy Savings consistent with the requested change. MCE shall determine any budget increases or decreases in its sole discretion.

For Programs claiming to-code savings: Contractor shall comply with Applicable Law and work with MCE to address elements in its Program designs and Implementation Plans, such as:

   1. Identifying where to-code savings potential resides;
   2. Specifying which equipment types, building types, geographic allocations, and/or customer segments promise cost-effective to-code savings;
   3. Describing the barriers that prevent code-compliant equipment replacements;
   4. Explaining why natural turnover is not occurring within certain markets or for certain technologies; and
   5. Detailing the program interventions that would effectively accelerate equipment turnover.
