REBATES & INCENTIVES

AVAILABLE FOR ELECTRIC VEHICLES (EVs)

MCEv offers income-qualified customers a rebate to help lower the price of newly purchased and leased EVs, and technical assistance to help you take advantage of all available rebates and incentives. Depending on your eligibility, you could receive up to \$13,750 in rebates for an EV — even more if you have an older vehicle to trade in — and up to \$2,000 in rebates for EV charging.

BEFORE Purchasing or Leasing Your EV

Name of Rebate + Incentive	Rebate + Incentive for New + Used EVs and Charging	Eligibility + Additional Info
Clean Cars for All (CC4A)	New + Used EV: \$5,500 – \$9,500 Charging: Up to \$2,000 Available for Leased EVs	Must meet specific income requirements. See more details here . Must own a 15 year or older vehicle to trade in.
Clean Vehicle Assistance Program (CVAP) Grant	New + Used EV: \$5,000 Charging: Up to \$2,000 Available for Leased EVs	Must meet specific income requirements. See more details here . If you qualify for both CC4A and CVAP, CVAP is your best option if you don't currently own a 15 year or older vehicle. Update August 2021: CVAP is currently out of funds and has a waitlist. We recommend applying to DCAP instead.
Drive Clean Assistance Program (DCAP)	New: \$5,000 Used: \$5,000 (must be 8 years old or newer, and under 75,000 miles) Available for Leased EVs	Must meet specific income requirements. See more details here .

Automatically Applied DURING Purchase or Lease

Name of Rebate + Incentive	Rebate + Incentive for New + Used EVs and Charging	Eligibility + Additional Info
CA Clean Fuel Reward (CCFR)	New: Up to \$750 Used: None Available for Leased EVs	No income requirements. Only available on eligible EVs and plug-in hybrids through participating retailers. See more details here . Rebate is taken directly off the purchase price or lease of a new EV at participating dealerships.

AFTER Purchasing or Leasing Your EV

Name of Rebate + Incentive	Rebate + Incentive for New + Used EVs and Charging	Eligibility + Additional Info
MCEv Rebate	New: \$3,500 Used: \$2,000 (coming soon) Available for Leased EVs	Must meet specific income requirements. See more details here . Your MCE application automatically creates your application for CVRP, as well.
Clean Vehicle Rebate Project (CVRP)	New: Up to \$2,000 Additional \$2,500 available for income-qualified customers Used: None Available for Leased EVs	Must meet specific income requirements for the additional \$2,500 rebate. See more details here . If you receive a MCE rebate, you'll automatically qualify for CVRP and don't need to apply again.
Federal Tax Credit	New: Up to \$7,500 Used: None Available for Leased EVs	No income requirements. Contact a tax professional to determine if you are eligible. See eligible vehicles here (this list is different from the one for MCEv and CVRP).
Clean Air Vehicle (CAV) Decal	New + Used: Allows single occupancy use of HOV or carpool lanes Available for Leased EVs	No income requirements.
